IFYE Exchange and the European IFYE Alumni

After World War II, in 1948, the IFYE programme was started as a means to rebuild personal relations between youth from the USA and countries all over the world. Funding was initially provided through the Marshall Plan. Some of the participating countries developed exchange programmes with other countries, while in other countries the exchange never evolved beyond the bilateral exchange with the USA.

4H organised the exchange in the USA. In the countries that had 4H organisations, the exchange was known as International 4H Youth Exchange (IFYE). Other countries preferred the term International Farm Youth Exchange (IFYE). As the world entered the cold war, the IFYE programme was closed successively in some countries as a form of sanction. The last of the Soviet Block countries to operate a programme with the USA was Poland, where the last exchangee from the USA left in 1980. Although conditions in participating countries have been different, there has been a tendency of government involvement and financing drying up.

First Meeting

The first meeting of European IFYEs started on the initiative of Pieter Dijkhuis (NL) who invited several fellow IFYE's to the World Exhibition in Brussels in 1958. 15 IFYE's representing seven European countries and including two representatives from the USA came to the first meeting.

At this first meeting it was decided to meet again the next year in a different country, and keep moving on to another country after that. The participants agreed that the costs should be kept as low as possible. It was agreed that IFYE conferences should take place after the arrival of the American delegates, and before school started in Autumn. It was decided that hay-making and harvesting times would have to be ignored as such activities take place throughout Europe at all times during Summer.

The Exchange between USA and its friends and former foes alike, soon spread, and adopted a variety of forms. The exchanges in various European countries were organised by a diversity of agencies and organisations, such as Young Farmers' Clubs or 4H. On their part these Rural Youth organisations formed their own European structure, the Rural Youth Europe (formerly known as European Committee for Young Farmers' and 4H Clubs). In 1963 the Committee agreed on guidelines for European IFYE exchange. The current wording of the agreement is reproduced in this booklet.

"Europeans" Join

Initially the European IFYE Alumni was a forum for Europeans who had returned from their exchange in the USA. In 1964 ten European countries participated in inter-European exchanges. By 1967 it was noted that the exchange program with the USA was decreasing, while inter European exchange program was rapidly growing. A speaker at the Conference Assembly urged that more IFYE's must be encouraged to come to the conferences. Otherwise in a few years there will be no IFYE meetings. In 1968 it was suggested that even those who had not been on exchange in the USA could become members.

After only a few years of working, the conference organisers realised that keeping contact with all IFYEs was quite a challenge. In some countries the IFYEs had formed national networks and had regular meetings. The idea of establishing Contact Members was launched at the 1962 meeting. The first World Conference was organised in Switzerland in 1965. This proved to be an inspiration to form national IFYE committees in several European countries.

In 1966 at the conference in Finland it was discussed what could be done to start exchange with Eastern Europe and the developing countries of the south. It was not until the late eighties that those dreams started bearing fruit. The first programs that involved Eastern European countries took place in 1992 between Finland and Estonia and Luxembourg and Estonia. These programs were followed by programs involving Latvia, Poland, the Czech Republic and Hungary in 1993 and 1994. Poland and former Czechoslovakia had been involved earlier.

Financial Administration

Bank Accounts:

The Association holds two accounts: (A) an account whose income is based on stocks and shares and (B) a general current account, both are held by the UBS AG bank in Switzerland.

(A) UBS Lux Strategy: The account was opened with the aim of earning income from interest. The value of the account is linked to the stock market so the value of the account and the interest earned varies on an annual basis, depending on the rises and falls of the stock market.

(B) UBS General Account. The account provides instant access to the Association's capital.

Funds:

The Association has four separate funds, each with a different purpose, to ensure that the priorities, income and expenditure of each fund can be monitored and reported to the General Assembly individually. The funds are split between the two bank accounts.

(1) General Account (Fund)

Purpose: The fund provides the working capital for the Association.

Income: The fund income is from the membership fees received from annual members and the money transferred from the Development Fund when it reaches the 15,000 CHF limit.

Expenditure: The fund pays the costs associated with the Mid Term Executive Committee Meeting and the expenses of running the Association that are not eligible to be taken from any of the other funds.

Report to Members: A budget, to indicate the anticipated income and expenditure to the fund, will be presented at the Annual General Meeting each year, for approval by the General Assembly.

(2) Sweden Fund

(As amended in Aug. 2005, 2011, 2016 & 2017)

Income: The fund was opened with a lump sum, 14 229 CHF (81 480 SEK), one third of the surplus from the 2003 World Conference in Sweden, and is to be retained by the Association until it is transferred to the organisers of the next World Conference (hosted in Europe) as starting capital. (As agreed at the AGM of the Association in Germany 2005). To provide an annual income a participation fee, equal to a voter's annual membership fee, will be collected for non-voting conference participants and allocated to the Sweden fund. (from 2018)

Expenditure: Any purpose agreed by the AGM, subject to the above agreement. At the AGM in 2007 the members agreed that the fund should be used to subsidise the cost of the conference fee for IFYE's attending for the first time (a 'Newcomer IFYE'), subject to the under-noted rules. (The subsidy is currently authorised to run until 2019).

Fund Rules: For the current agreed purpose the fund rules were agreed by the General Assembly in 2007, 2011 and 2016. They are:

- (1) A Newcomer IFYE can be offered 160 CHF subsidy towards the cost of attending the IFYE conference for the first time.
- (2) A Newcomer IFYE must complete an application form to receive the subsidy.
- (3) The General Assembly must agree any changes to the amount that a Newcomer IFYE can be offered.
- (4) The subsidy is given to the Newcomer IFYE at the first conference he/she attends, and in the currency of the host country.
- (5) At the General Assembly in 2016 it was agreed that the subsidised conference fee be offered until 2019, its future shall be reassessed thereafter.

Eligibility: To be eligible to receive the funding:

- (1) IFYEs must attend a conference within the first five years of returning from their exchange trip (an IFYE in 2016 can receive the contribution in 2017, 2018, 2019, 2020 or 2021).
- (2) IFYEs must attend the conference for the full week.
- (3) An IFYE cannot claim the funding if the conference is held in their home country but it also does not count as the first conference.
- (4) Exchangees who are invited as a guest by the hosting country are not eligible to receive the support out of the fund and it also does not count as the first conference.
- (5) If you attend whilst on exchange or directly after exchange you will qualify only if you have paid the full conference fee.

Report to Members: A budget, to indicate the anticipated income and expenditure to the fund, will be presented at the Annual General Meeting each year, for approval by the General Assembly.

(3) Lifetime Members Fund

(As amended in Aug. 2002 and 2009)

Purpose: The fund holds the one-off Lifetime Membership fee paid by IFYEs who are Lifetime Members of the Association.

Income: The fund's annual income is solely reliant on the membership fees received from the varying number of new Lifetime Members that join the Association in that year.

Expenditure: The fund is used to cover the proportionate costs of running the Association for the Lifetime Members i.e the expenses for printing and posting the Annual Conference Report, and (until 2011, and agreed on AGM on IOM 2009) the printing and postage of the Newsletter(s). Should it be requested by the Country hosting the conference, money for printing and posting of the Annual Conference Reports for the lifetime members not in attendance at the conference, will be paid for by the Lifetime Members Fund. At the Isle of Man conference in 2009 it was agreed that the ratio of Annual Members to Lifetime Members should be calculated annually and the Executive Committee's Mid Term Meeting expenses, if required, may be split in the same ratio, from the Lifetime Members Fund and the General Account Fund.

Report to Members: A budget, to indicate the anticipated change to the Lifetime Members Fund will be presented at the Annual General Meeting, for approval by the General Assembly.

(4) Development Fund

(As amended in Aug. 2002, 2010 and 2016)

Purpose: The fund was established in 1988 to support: new IFYE programmes; free membership for newcomer IFYEs and IFYE co-ordinators; special events and material produced by the Association and; other innovative initiatives.

Location of the Fund: The fund is held in the UBS Lux Strategy and UBS General Account.

Income: The fund income is generated from the sale of tombola tickets at the annual conference.

Expenditure: The fund pays the expenses sought by countries who have submitted a successful application to the Development Fund. The General Assembly determines if the application fulfils the rules of the fund and authorises expenditure from it.

Fund Rules and Eligibility: Any National IFYE Alumni Association can apply for money from the fund.

A maximum of ¼ of the money in the Development Fund can be taken out in any one fiscal year. The limit for the account is 15,000 CHF. Each year after the fund reaches 15,000 CHF the money from the tombola will go into the General Account. Proposals for the use of money from the Development Fund are made in writing by the Country wishing to receive the funding, and are sent to the

Association's Secretary on the date advised or no later than 3 months before the Annual General Meeting. The application must contain a specified budget and a description of the project.

The fund can be used for:

(1) Supporting of new programmes: Applications to support new programmes are granted if the following rules are met:

- a. No other European country has a running programme with the country in question.
- b. The exchange is supported by a National organisation.
- c. The information gathered and any contacts made in the country visited, are open for all other European countries to use, if desired, to set up their own programmes.
- d. The money cannot be used to cover travel expenses or pocket money for participating in the programme. Reasonable travel expenses for developing a new programme may be met.

(2) Supporting free membership of newcomer IFYEs, for a period of two years, with the possibility of continuation for another three years if a notice is sent to the Treasurer.

(3) Supporting special events and material, that helps develop the IFYE programme in general. (e.g. leaflets/seminar)

(4) Supporting other innovative initiatives, which increase the effective, economical and/or ecological benefits to develop the IFYE programmes and/or assist the IFYE Alumni Association.

Under this criterion, and following the decision at the AGM 2016, the Board will consider applications from participants or IFYE co-ordinators, for a financial subsidy to attend the conference, with a view to developing local IFYE programmes and/or European conferences. The closing date for applications will be 31st December preceding the conference with applications assessed at the mid-term meeting.

The maximum allowance will be at the discretion of the Board, up to a total amount of 1000 CHF per year, to be divided amongst all accepted applicants.

This project will run for three years and be reviewed in 2019.

Report to Members: A budget, to indicate the anticipated income and expenditure to the fund, will be presented at the Annual General Meeting each year, for approval by the General Assembly.

Silver Certificate/Pin and Golden Certificate

The presentation of a silver pin to mark the 25th year since a member's exchange trip commenced in 1983 at the 25th conference in The Netherlands. The raffle, which is still held, commenced a couple of years earlier, initially to raise funds for champagne to celebrate the 25th conference. It proved to be such a successful fund raiser that the surplus money was used to purchase silver pins to present to the 25th anniversary members who attended that conference.

At the 2010 AGM the Executive Committee was requested to consider the future of the tradition of presenting a silver pin to 25th anniversary members. The AGM in 2011 decided:

(1) Every member will receive a certificate on/after the 25th anniversary of their exchange trip and be given the option to also receive a silver pin.

(2) A Newcomer IFYE is not eligible to receive a silver pin

(3) When attending a European Conference to coincide with the 50th anniversary of an exchange a member is eligible to receive a Golden Certificate, or to receive it at any future Conference.

Attendance at a conference is required to receive a Silver Certificate/Pin and Golden Certificate.

Song of Peace

(The IFYE song)

This is my song, O God of all the Nations,

A song of peace for lands afar and mine

This is my home, the Country where my heart is.

here are my hopes, my dreams my holy shrine,

But other hearts in other lands are beating

with hopes and dreams as high and true as mine.

My Country's skies are bluer than the ocean.

And sunlight beams on cloverleaf and pine.

But other lands have sunlight too and clover

and skies are everywhere as blue as mine.

Oh, hear my song thou God of all the Nations

A song of peace for their land and for mine.

Lyrics: Lloyd Stone

Tune: From Finlandia by Jean Sibelius 1899

When the 1949 U.S. delegates were on ship heading for Europe, someone had brought the words of the song. They sang it during vesper services each evening. Ed Aiton, who was the force behind the establishment of IFYE and who accompanied that group, was delighted. He indicated that they had tried to find the words when the first group left in 1948. As the ship sailed, the Song of Peace became the theme song of IFYE and all related 4-H exchanges since.
